After that it was just a big empty castle full of rats. So all the rats gathered together and decided to over run the castle. They poured through the walls and sewers. They feasted on all the rotten food in the kitchen. They got super big and terrorized the house elves. The elves made a deal with them and said that they would cook food for the rats and teach them house elf magic if the rats would stop hunting them. So the rats learned magic and started a magic school for rats.

Except one of the rats was put in the house called EYES (there is Eyes, Tails, Bellies, and Livers). He was evil, but he was a good actor, quick, and cunning. His friends called him.....Ratatouille!
